Dedication

Tom and Marsha Lineberger are two very special people. They are friendly, helpful, and loving. They have volunteered to come to the chapel at NCSD every Wednesday to help us understand God. After church, they come to the dormitory to talk with us for a period of sharing and caring. They often come to NCSD to support our NCSD athletic programs. The Linebergers are well-known and liked by the students because they have great senses of humor and inspiring Christian attitudes.

Many students have enjoyed going to their South Mountain Baptist Camp. The students who have gone to the camp have had great experiences and an unforgettable time.

We, the Senior Class, have recognized their contributions to NCSD students' religious education and spiritual needs, and for these reasons, we dedicate our 1991 yearbook to Tom and Marsha Lineberger.

TO: SENIORS OF THE CLASS OF 1991

Just another year? Just another yearbook? No! This is *your* year! This is *your* yearbook! This is *your* year to be proud seniors. This yearbook is *your* statement of *your* senior year.

I'm honored to be asked to be a part of *your* statement.

You have all been given "words of wisdom" to utilize after graduation. I want to add some of mine, too.

As graduates of this school, you will become *alumni*. We will need to keep in touch with you for the rest of your life. Why? We *need* you to give us feedback on our educational goals. We *need* your support, too.

How to keep in touch? Simple: Subscribe to *The Bugler*, which you know about. *The Bugler* will keep you informed of current educational issues as well as news about the deaf community. Best of all *The Bugler* will have your latest address. Knowing your address we can write to you for input on educational goals. Again, we *need* you.

In closing: Be *flexible* in all things you do. Accept the need to *change* as the years go by.

TEACHER TRAINING

The Lenior-Rhyne College Teacher Education for the Hearing-Impaired Program is proud to be a part of NCSD. Lenior-Rhyne offers a bachelor degree and courses needed for certification. The master degree program for teachers of the hearing-impaired is the only in North Carolina.

This teacher education program was begun by NCSD and in the early years, both NCSD students and prospective teachers participated in the same NCSD graduation. Later an agreement was made for NCSD to house the program but for Lenior-Rhyne to manage it. Most faculty members at NCSD have gotten a degree or attended classes for teacher certification in the program.

One reason the teacher education program has such a good reputation is the experiences Lenior-Rhyne students get in NCSD classrooms and from extracurricular activities at NCSD. NCSD students and staffs are very helpful in providing good practice teaching opportunities.

The ten students completing the program this year have observed in many classrooms, completed 37 semester hour credits, and will practice teach in two different classrooms. Many hope to teach at NCSD.

His favorite books were Wrestling and cartoon. His favorite movies were "Commando", "Rockys" and "Batman".

He worked in Occupational Therapy with Jennifer Black and Barbara Masterson. He lived with his grandparents and they took care of him. His wish dream to meet Sting-Wrestling star. Sting gave him prizes of pictures, hat and two shirts. He was happy and started to cry because he met Sting.
